

NatureWash^{HD}

An *EcoTex* Series Product

An Ozone Laundry System Designed Specifically with Best Western® Branded Hotels in Mind... Providing a Low Cost Solution with a Quick ROI!

The NatureWash HD Systems, from ClearWater Tech, are part of the EcoTex Family of ozone laundry technology providing eco-friendly laundry solutions that turn cold water into activated oxygen, nature's safest disinfectant reducing energy, water use, cycle times, and chemicals, while extending fabric life.

Linens are cleaner, softer, and fresher smelling. Your staff will enjoy a more comfortable laundry room temperature, and a cleaner smelling environment, while you enjoy a Quick ROI. For commercial washers up to 50 lbs. or 24 kgs.
