TECHNOLOGY

MOLD, ODOR AND PATHOGEN CONTROL

Effectively, Safely, and Organically with ClearWater Tech Ozone Water Treatment Solutions

Ozone Water Treatment Systems from ClearWater Tech are the most effective and sustainable tools available to manage multiple issues within a grow room facility. Providing superior sanitation of the water and air, ClearWater Tech systems clean and disinfect surfaces, equipment, control mold and odor, treat incoming and outgoing process water, and recycle water for reuse in and around the facility.

MAXIMIZE EFFICIENCY AND PRODUCE HEALTHIER PLANTS USING THE PLANETS STRONGEST OXIDIZER

- CONTROL MOLD AND ODOR
- ELIMINATE PATHOGENS ON ALL SURFACES WHILE ADDING OXYGEN
- CONTAMINATE CONTROL AND BOD/COD REDUCTION
- REDUCE CHEMICALS
- PRODUCED ON SITE
